He declares that twice he sold a young woman whom he believes to have been Miss Potts, a half dozen one-quarter grain morphine pills. He thinks she was that young woman because he picked Miss Potts's photograph out of a large number placed before him by Mr. Howe. The grl asked him, according to his smooth narative, not to tell C. W. Harris of the purchases—a bit of testimony that would be far more convincing if it were not so remarkably to the point. John Hall Richardson, proprletor of "Golden News,"

John Hall Richardson, proprietor of "Golden News," organ of the Keeley cure, has written to Governor Flower an appeal for Harris. He declares that the testimony in the Buchanan trial shows that Professor Witthaus's analysis of Helen Potts's stomach was untrustworthy, that it is not at all certain that morphine was found. Mr. Howe tried to make Recorder Smyth believe that the girl died from morphine self-administered, so Harris's friends are playing at

FIGHTING THE STATE DISPENSARY LAW. Charleston, S. C., April 22 (Special).-A new move

in the fight against the enforcement of the Dispensary Liquor law, which is to go into effect July 1, was developed here to-day. At a meeting last night of leading merchants and property-holders it was de-cided to send a circular to the freehold voters of the city, requesting them not to sign the petition of any person applying for the office of State Dispenser of Liquors. Under the law a majority of the freehold voters of the city must sign the application of any one applying to be appointed a dispenser, and the applicant must be a tectotaller. In Charleston there are, out of a population of 65,000, exactly 1,510 free-hold voters, so that 700 of these must sign a petition in order to have a State barroom opened here.

ATTACKING THE CHARTERS OF 100 COMPANIES. St. Louis, April 22.-Proceedings were begun yesterday against 100 local corporations, representing nearly \$5,000,000 capital, to declare their charters invalid because of violation of the Missouri Anti-Trust law. Included in the number are the "Evening Chronicle" Publishing Company and the Columbia Incandescent Lamp Company, which yesterday won the big victory over the Edison Electric Light Company.
